Name of the Division / Centre: All India Co-ordinated Research Project on Integrated Farming Systems (AICRP on IFS)

| Sl. No. | Name of the office / Employee | Designation / Post | Duties and Subjects handled |
|---------|-------------------------------|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. | Dr. M.T. Sanjay | Agronomist & Head | <p>Agronomy related subjects. To carryout Research experiments as per the approved technical programme of AICRP on IFS. In On-Farm research OFR-1: On-farm crop response to plant nutrients in predominant cropping systems, 24 field experiments in farmers fields of Gowribidanur and Sidlaghatta taluks and pass on the recommendations to the farming community. To popularize the high yielding varieties and hybrids in predominant cropping systems of the farmers so that farmers can realize higher yields. To encourage the use of micro nutrients and organic manures along with recommended dose of inorganic fertilizers for balanced fertilization. To undertake soil sampling and soil testing and hand over the soil test reports to the farmers. To explain the measures for maintaining the soil health to the farmers and importance of balanced fertilization. To recommend the best combination of fertilizers in the pre-dominant cropping systems. In OFR-2 diversification of existing farming systems under marginal household conditions, suitable integrated farming system modules will be recommended to the 24 farmers. In OFR-3: 12 farmers of Gowribidanur and Sidlaghatta taluks, On-farm evaluation of farming system modules for improving profitability and livelihood of small and marginal farmers will be undertaken. Here the suitable combination of different enterprises for their synergy and complimentarily will be worked out. To serve as resource person and impart knowledge and information as per the needs of the Agriculture department and such other line departments for the benefit of the farmers. In Government of Karnataka funded NF project as an ORP team head in Agricultural Climatic Zone 5 & Agricultural Climatic Zone-6 research is being conducted in agricultural stations. NF demonstrations are being conducted in comparison with farmers practice in 2000 ha each in Zone-5 and Zone-6. Under NF project training programmes are also being conducted at 24 taluks in Zone-5 and 18 taluks in Zone-6. To undertake and perform any other roles and responsibilities given by University of Agricultural Sciences, Bangalore with utmost dedication and sincerity.</p> |

| 2. | Dr. Anjan Kumar M.J. | Junior Economist | <p>Agricultural economics related subject. To carry out the research experiments as per the approved technical programme of AICRP on IFS. In OFR-1: On-farm response to plant nutrients in predominant cropping systems, to work out the best combinations of organic and inorganic nutrients which results in higher profitability and B:C ratio to 24 farmers of Gowribidanur and Sidlaghatta taluks. To recommend the best and profitable usage of plant nutrients. In OFR-2: Diversification of existing farming systems under marginal household conditions, to recommend the higher profit and income earning integrated farming system module to 24 farmers. Efficient recycling of nutrients with higher employment generation. In OFR-3 experiments will be carried out in 12 small and marginal farmers for On-farm evaluation of farming system modules for improving profitability and livelihood. Here the main focus will be on evolving suitable and profitable enterprise mix. To serve as resource person and impart knowledge and information as per the needs of the Agriculture department and such other line departments for the benefit of the farmers. To give training programme to farmers on different farming systems and maintenance of animals. To give essential information to farmers from electronic source. To undertake and perform any other roles and responsibilities given by University of Agricultural Sciences, Bangalore with utmost dedication and sincerity.</p> |
| 3. | Mr. Basavaraj | Field Assistant | <p>To visit the research fields and experimental plots of OFR-1, 2 & 3 farmers of AICRP on IFS in Gowribidanur taluk. To provide required technical information, collection of soil samples and preparing the samples for soil analysis, conveying the results of soil analysis. To work with the 30 OFR farmers regularly and to collect the information on the integrated farming system. Technological interventions made, inputs provided and calculation of the labour unit, employment generation, profit obtained by the farmers. B:C ratio and to advocated profitable IFS to farmers. To under take any roles and responsibility given by UAS, Bangalore with dedication and sincerity.</p> |
| 4. | Mr. Narayana Swamy D.M. | Field Assistant | <p>To visit the research fields and experimental plots of OFR-1,2 & 3 farmers of AICRP on IFS in Sidlaghatta taluk. To provide required technical information, collection of soil samples and preparing the samples for soil analysis, conveying the results of soil analysis. To work with the 30 OFR farmers regularly and to collect the information on the integrated farming system. Technological interventions made, inputs provided and calculation of the labour unit, employment generation, profit obtained by the farmers. B:C ratio and to advocated profitable IFS to farmers. To under take any roles and responsibility given by UAS, Bangalore with dedication and sincerity.</p> |
